Dear Mr. Daggett:

Re: Duane Marine Site, Perth Amboy, New Jersey

Thank you for your letter dated April 6, 1987 regarding the above referenced subject. We greatly appreciate your efforts in accomplishing the removal activities and for furnishing the results of your responsible party search to the Department.

The Department has already drafted an Administrative Consent Order for the responsible parties to sign and this document is now being reviewed internally within DEP. Attached is a copy of the letter sent by us recently to John Czapar of your staff regarding the remedial investigation planned by the Department for the site.

We are sure that the excellent cooperation exhibited between the Department and the United States Environmental Protection Agency in this project will continue in all other projects.

Sincerely,

Michael E. Cotania for
Richard T. Dewling
